What Others Are Saying

We love our Pureaire component! It has made a world of a difference for my wife's sinus problems. I need two things from you. First a price on a system for a 1200 sq. ft. house that I will be purchasing for my in-laws. Secondly, I need a compete packet and pricing for a new dental office in a strip mall in Roseville.

Thank you very much!

Dear Sir,

I just wanted to say thank you for a great product. For us (my wife and me) to say that our allergies have disappeared would not be true. However on a scale of 1 to 10, with 10 being how bad we felt prior to installing your product, my wife and I agree that now we have improved to about a 4. We consider this much improvement to be very significant.

I was born and raised in Sacramento. I've tried various remedies to alleviate suffering from my allergies. Pureaire Technologies' UV lights have proven to be a real comfort to my chronic seasonal allergies. Best of all, the system is a safe, healthy alternative to drug remedies that I would highly recommend.
